

INSTITUT INTERNATIONAL DU FROID
INTERNATIONAL INSTITUTE OF REFRIGERATION

Refrigeration for sustainable development

With over 100 years' experience the International Institute of Refrigeration (IIR) is the only independent, neutral intergovernmental science and technology organisation present in the refrigeration sector.

The IIR has a global commitment to improving quality of life in a cost-effective and environmentally sustainable manner by disseminating and promoting refrigeration knowledge in all applications.

KEY FIGURES

300+ IIR experts
59 member countries
10 commissions

100 000+ documents in FRIDOC
10 conference series, including
the International Congress of Refrigeration

THE NETWORK

The IIR currently has an international network of 59 Member Countries representing over two-thirds of the global population.

Our members and stakeholders include, but are not limited to:

- public agencies
- educational and research institutions
- manufacturers
- professional organisations and associations
- research and development companies
- refrigeration professionals.

CORPORATE MEMBERSHIP

4 reasons to become an IIR corporate member:

- Increased visibility with our international partners on the IIR website and at conferences.
- Promotion of your news, publications and logo across our digital platforms and in our newsletter.
- The opportunity to collaborate on publications.
- Exclusive services for 3 or 10 beneficiaries (depending on the membership package).

And for your beneficiaries:

Each beneficiary enjoys the same benefits as private members:

- Reductions on IIR conference registration fees covering the cost of a one year private membership.
- Free access to the International Journal of Refrigeration (IJR) and to IIR conference papers.
- Exclusive access to refrigeration sector news.
- Full access to two professional directories.
- Opportunity to join IIR working groups.
